## *Working Together to Create Change*

The Family Solutions Center is a partnership between families and the Cheektowaga-Sloan School District, which promotes positive change by supporting and mobilizing family strengths.

### *Our School District believes that:*

- ❖ the key to a successful student is a strong, nurturing family
- ❖ the family has a very powerful influence on the child
- ❖ families can, and in fact **do** change and we can influence this change in a positive way
- ❖ school cannot bring about this change alone
- ❖ we must develop a strong partnership between the family and the school in order to enhance and promote family strengths.

## The Family Solutions Center can assist families by:

- ❖ providing free, confidential, short-term counseling for individuals, couples, and families
- ❖ linking families with resources in the community
- ❖ focusing families on common goals by identifying strengths and resources that families already possess
- ❖ working actively with families to find solutions to the challenges they are facing
- ❖ encouraging and supporting parents' involvement in their children's education

## Our Commitment to You

Our mission is to assist families in recognizing and utilizing their strengths to make positive choices and set goals that lead to solutions to life's challenges. Progress is tracked from session to session to be sure that your family's needs are being met.

All services are completely **confidential** and **free** of charge.
